Level 1 Award in Manual Bookkeeping (QCF)

1 Introduction

This qualification is part of the Qualification and Credit Framework (QCF), which became fully operational in September 2010. Qualifications within the framework are made up of units and each unit is given a credit value, where one credit represents 10 hours of learning time. The title of every qualification within the new framework will contain details of the size (award/certificate/diploma), level of difficulty (Entry to level 8) and general content of the qualification.

It is anticipated that the majority of providers engaging with the QCF will be in a position to obtain a Unique Learner Number (ULN) and this should have been evidenced through the completion of the IAB Supplementary QCF accreditation of centres Application Form. It is a condition of operating within the QCF that this document has been fully completed and accepted by the IAB, for any QCF qualifications which have been publically funded. This will confirm that providers are in a position to generate a ULN, which in turn will allow the successful completion of any QCF unit or qualification to be transferred to each individual Personal Learner Record. A key aim of the Personal Learner Record is to improve the flow of information about learners from schools to other education providers and ultimately employers, leading to more effective data sharing and better decision making.

Learners studying without being attached to an IAB accredited training centre, should contact the IAB for further information.

2 Aims

In summary, the IAB Level 1 Award in Manual Bookkeeping aims to:

- 1 Act as an introduction to the practical elements of financial record keeping, giving the candidate the necessary skills to record financial transactions in a single entry, manual bookkeeping system.
- 2 Give candidates the necessary skills to assess their own competence in carrying out a range of basic day-to-day bookkeeping routines and activities using a single entry manual book-keeping system. The activities will include entry of business transactions, and routine basic bookkeeping tasks.
- 3 Give candidates the necessary skills to assess the implications of maintaining accuracy when performing any practical bookkeeping tasks using a single entry manual bookkeeping system.
- 4 Give candidates the option of undertaking further units at Level 2 to enhance their understanding of the professional ethics of bookkeeping and the necessary

legislation, at that Level and to gain underpinning knowledge of maintaining a double entry bookkeeping system.

- 5 Enable candidate to progress in their learning to further develop their knowledge, understanding and skills of dealing with financial transactions by:
- Completing the units necessary to receive the full Level 1 Award in Bookkeeping
 - Undertaking further studies of bookkeeping and accounting routines and procedures at Level 2
 - Widening their skills at this level by progressing to the IAB Level 1 Award in Computerised Bookkeeping.

4 Target groups

The IAB Level 1 Award in Manual Bookkeeping is aimed at individuals who wish to begin their studies of bookkeeping and gain an entry level qualification at Level 1 of the National Framework from a point of no previous knowledge. It could also be used by those candidates who have some practical knowledge and skills at this level and wish to gain an accredited qualification in the subject.

Owners of small businesses may also find this qualification useful as it gives coverage of the keeping of a single entry book manual keeping system, suitable for the production of small business accounts and also acts as some of the underpinning knowledge required for the processing of financial transactions using a computerised accounting system.

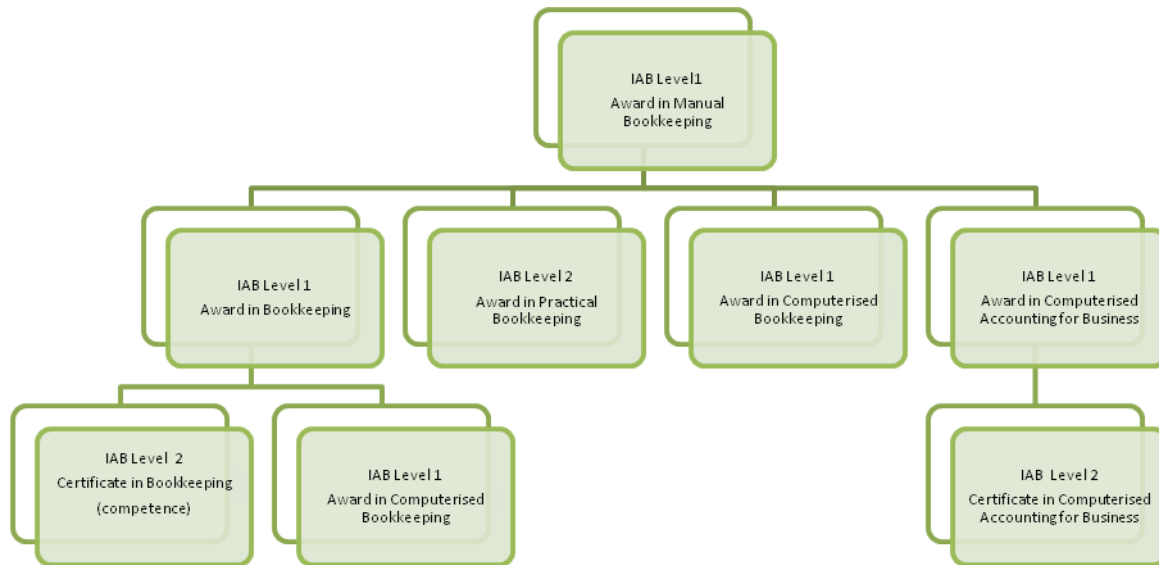

5 Statement of level

This is a level 1 qualification as defined within the regulations of the Qualification and Credit Framework.

6 Entry requirements

There are no formal entry requirements for the level 1 Award in Manual Bookkeeping. However it is recommended that prospective candidates will already have basic skills in both numeracy and literacy prior to embarking on a course of study for this qualification.

7 Progression

8 Qualification Structure

To achieve this qualification, only the **mandatory** units consisting of 5 credits must be achieved. The additional option units are provided purely as a progression opportunity, but are not a compulsory element of the qualification. The accreditation number, level and credit value of each unit is as follows:

Mandatory units

Recording receipts and payments - L/600/8745 (level 1 – 1 credit)

Preparing and processing book-keeping documents - M/600/8740 (level 1 – 1 credit)

Recording Credit transactions - A/600/8742 (level 1 – 1 credit)

Making and receiving payments - J/600/8744 (level 1 – 1 credit)

Maintaining petty cash records - R/600/8746 (level 1 – 1 credit)

Option units

Principles of recording and processing financial transactions - A/600/8756 (level 2 – 2 credits)

Professional values and basic business legislation - F/600/8757 (level 2 – 1 credit)

9 Assessment and Grading

With the introduction of the QCF the IAB has introduced additional assessments to supplement the standard form of examination. The additional assessments can consist of a combination of knowledge tests, assignments or a project. In order to successfully complete the qualification all the modes of assessment listed in the table below must be successfully completed.

For this qualification the IAB will provide all assessment material including the knowledge tests, assignment and examination. For assessments other than the examination it is expected that the accredited centre will mark the original scripts with a 20% sample being forwarded to the IAB for external moderation. Front sheets will be supplied with answer books which will allow the recording of the marks for the assessment and allow for details of internal verification and external moderation. IAB examinations will be offered as standard sittings in January and June, or on an 'on demand' basis. All 'on demand' sittings are subject to a minimum period of notice.

Internal verification of knowledge tests and assignments

The IAB needs to be assured that at least 25% of Centre based assessments have been internally moderated. A box to be signed by the Internal Verifier is provided for this purpose on the front sheet of the assessment answer booklet. In any batch of assignments forwarded for external moderation the IAB would expect to see some evidence of internal verification.

External moderation of knowledge tests and assignments

It is the responsibility of each centre to choose a cross section of scripts for moderation by the IAB. The IAB would expect to see a high proportion of marginal passes together with scripts that are good passes. If the centre has any doubt about which scripts to send for external moderation they should contact the Education Department of the IAB.

The units for this qualification are assessed through the following methods:

Unit	Assessment
Mandatory	
Recording receipts and payments	Assignment 1
Preparing and processing bookkeeping documents	End examination 1
Recording credit transactions	
Making and receiving payments	
Maintaining petty cash records	
Option (additional and not required to obtain the qualification)	
Principles of recording and processing financial transactions	Knowledge tests
Professional values and basic business legislation	

To successfully complete the qualification the candidate must pass each of the above **Mandatory** elements of assessment. Units are graded as Pass or Fail and the minimum levels of achievement for each unit, within each mode of assessment, will be set as follows:

Knowledge test	70%
Assignment	70%
Examination	70%

On successful completion of the **mandatory** units, the learner will be awarded one of the following grades for the qualification:

70 - 80	B
80 – 90	A
90+	A*

Successful completion of the 2 option units will not affect the grade for the overall qualification, but these units will be transferred to the Personal Learner Record (if applicable) and can be used against other qualifications including the IAB level 2 Certificate in Bookkeeping.

10 Certification

On successful completion of all the mandatory units listed above, the learner will receive a certificate to confirm the achievement of the Level 1 Award in Manual Bookkeeping (QCF). The certificate will include the full name and accreditation number of the qualification and the grade obtained.

Learners may request a certificate for the successful completion of each unit of the qualification on payment of a unit certificate fee. The certificate will include the full title and accreditation number of the unit, the credit value and level of the unit.

The award of credit and the successful completion of the accredited qualification will be transferred to an individual's Personal Learner Record if applicable.
